

P.E. and Sports at Barnston Primary School 2017/18

Barnston Primary School is committed to providing high quality physical education and sport for all our children.

This includes:

- The excellent, progressive teaching of fundamental skills
- The provision of a wide breadth of physical activities and sports.
- Opportunities for all children to engage in competitive sport and activities
- Encouraging children to develop specific skills and talents
- Nurturing sportsmanship and celebrating success
- Joining with local partners, such as the local secondary schools, local sports clubs and private and volunteer providers.

The P.E. and Sports Premium

The government introduced the P.E. and Sports premium in 2013.

The premium received for schools over 16 pupils is £8000 plus £5 per child in Years 1-6.

'The P.E. and sport premium is designed to help primary schools improve the quality of the P.E. and sports activities offered to pupils.'

The P.E. and Sports Premium at Barnston Primary School

Barnston Primary School welcomes the premium and applies the funding, through a strategic school improvement programme, to take school sport from strength to strength.

P.E. and Sports Premium September 2013-September 2014 Allocation £9160

- After school clubs run by our specialists
- On-going training for all staff
- Sporting activities during health week in June 2017
- Swimming lessons (no longer paid for by the LA).

C/f £0

P.E. and Sports Premium September 2017 – 2018 Predicted Allocation £10 780

Funding Available: £18 480 (£7700 additional spend April 2018-August 2018)

Strategic plans for the 2017-2018 spend:

- Mindfulness yoga activities for F2-Y2, (£2400) (Y3/4 & Y5/Y6 separate mindfulness activity not sport based)
 - Competitive Sports days throughout the year run by our specialist (£200)
 - After school clubs and competitions run by our sports specialists (£800)
 - On-going training for all staff (£635)
 - Sporting activities during health week in June 2017 (£1375)
 - Swimming lessons (no longer paid for by the LA and £1300/term).
 - Transport for inter-schools sporting competitions (£370)
 - Specialist sporting sessions for SEND pupils (£1100)
- **£7700 additional spend has still to be approved by the governors in the Spring term meetings – however, ideas are to spend money on a red line marking for whole school fitness runs with interesting points along the route also for outside doors to the internal toilets in order that when sporting activities happen throughout the day/after-school and weekends, pupils have access to toilet facilities from an outside door that can be seen by the teachers on the field or on the playground. This would increase the capacity for the school to host more inter-school competitions and to let the site to additional community sporting projects. It would also mean that additional sporting events at the weekend like the Y3 sleepover could take place e.g. camping events with arranged sporting activities throughout the weekend.**

For the last 4 years, we thoroughly audited our sports provision, seeking views from staff, children and parents (Parent Council), leading to the creation of a relevant, effective plan for school development (see Sports Action Plans 2014-2018). Our sports leader attended LA training ensuring school is impact focused in Games & PE. In addition all staff members attended a Basic Skills training twilight.

We increased our children's opportunity to enter local competition, entering football competitions, netball competitions and swimming competitions. We were delighted to win medals in the swimming competitions, with high numbers participating.

All Year 1-6 pupils received football coaching this year, improving both skills and confidence. We also introduced an after school running club, gymnastics club and appointed multi skills coaches to work directly with our children. The children enjoyed success and demonstrated skills in dance, performing gymnastics and in open competitive sports days that parents were invited to.

This year we are increasing children's opportunities to engage in sport throughout the day, continuing to employ a Sports specialist to facilitate a range of sporting activities at break times and lunchtimes as well as taking groups of children with disabilities who access specialised lessons from the coach.

Children will also experience new sporting activities including running, Tai Kondo and fencing. We will also continue to increase opportunities in gymnastics, following requests from children.

All staff will continue to receive high quality PE/Dance training.
